Chief, Newbury Fire Department

AN APPEAL FROM YOUR FOREST FIRE WARDEN

In these days of constantly rising taxes and wages, any unnecessary expense is an added burden on everyone's pocketbook—yours and mine. Forest fires cost money and damage our valuable woodlands. Lightning sets some forest fires, but we have no control of lightning. Children cause many fires. Ninety-eight percent of our forest fires result from human carelessness—our carelessness. This, we—you—and I can do something about.

When we require you to obtain a permit for out-of-doors burning or forbid you to burn on days of high fire danger or set up regulations—hours, etc., governing the use of the town dump we are simply protecting yours and the town's interests.

The ever present threat of forest fires is the concern of all of us; the responsibility for preventing them is ours and the costs of extinguishing are ours. We can do something about this problem, by being aware of and alert to the danger and by cooperating with your warden.

Do the things that are required of you—

1. Follow the warden's directions.
2. Secure the required burning permit.
3. Keep your fires under control.
4. Completely extinguish your fires before leaving them.
5. See that your children are properly cautioned.

Everyone will benefit by it.

Number of fires, 2
Number of acres burned, ¼
Number of permits issued, 89

1961 COURTESY TOWN MEETING

NOTICE

To the residents and non-residents of the Town of Newbury there will be a courtesy Town Meeting held at the Town Hall in South Newbury on Saturday, the 12th day of August 1961, at 7:30 P. M.

Frederick S. Cook
Clarence B. Perry
Jack G. Sweeney
Selectmen of Newbury

The meeting was opened by the moderator, Randolph H. Milligan. He explained the purpose of the meeting and asked those present who had recommendations to write them out and they would be acted on. He stated that the Town of Newbury was the only Town to hold Courtesy Town Meetings out of which some good things had come.

Mr. Charles L. Sheldon of Bay Point submitted a letter and spoke regarding the situation brought up at previous meetings 1959 and 1960, concerning the dangerous situation on Bay Point Road.

Letter by Mr. Sheldon:

I have owned a cottage on Bay Point Road for 24 years. This road is a hazard. There are two very bad curves that are a menace, also many large rocks are on the edge of the road that should be removed. At various times the Selectmen have stated that the road would be improved, but to date nothing has been done. The road should also be widened at least 4 feet. Many minor accidents have happened and if a fatal accident does happen it will be the moral responsibility of the elected Officials of the Town if not legally so. The residents of this section of town pay many thousands of dollars yearly. What do we get? A street lighting system with a few old fashioned bulbs that could be very well eliminated. We do not ask for a sewer system nor town water or a recreational director, but certainly we are entitled to a safe road. The bad curves could easily be eliminated and the large rocks removed at very little cost. Part of the road could be widened each year and our tax rate would be increased only slightly. We want a road that we can drive on without endangering our lives. Please tell me what we

have got to do to obtain it. Fairness would dictate that part of our tax dollars should be spent in this area.

Mr. Perry stated that there were enough residents from Mt. Sunapee to put an Article in the Warrant to get this road straightened out and to find out the approximate cost and then have an Article in the Warrant to vote on the cost as the Town Officials have no right to spend one penny without it being voted on by the people.

Mr. C. Sheldon: Is it not possible for the Board of Selectmen to put an Article in the Warrant as they do in other Towns?

Mr. Perry: I made one suggestion that a petition be made up, that is one way, the other is that the Selectmen have the authority to put in an Article. A petition could be drawn up, but the Selectmen can and should see what can be done and the Road Agent consulted.

Mr. C. Sheldon: How many citizens are required for a guarantee to have an Article put in the Warrant.

Moderator: Ten (10) signatures are required.

Mr. Sweeney: I am in favor of this Article.

Mr. Frederick Cook: I am Chairman of the Board of Selectmen and will see that it is put in the Warrant.

Mr. C. Sheldon: I wish to thank the Town Officials for making it possible for me to come down here and state my problem by holding this courtesy meeting.

Mr. Elmer G. Goddard: Nothing in particular to ask for, want to thank Town Officials for cooperation. Referred to letter received informing him that work at Chandler Cove (Article on this problem discussed at 1960 meeting) was to be done by Public Works.

Mr. Goddard made a motion that another courtesy meeting be held the 2nd Saturday of August at 7:30 P. M., seconded and so voted.

Meeing attended by 20 non-residents, several residents and Town Officials.

Adjourned at 8:30 P. M.

Annual Report

OF THE

BLODGETT LANDING SEWER and SEWERAGE PROJECT

Newbury, New Hampshire

For the Years Ending

DECEMBER 31, 1959

DECEMBER 31, 1960

COMMISSION REPORT

The Blodgett Landing Sewer and Sewerage Project is in the final stages of being completed. As in all cases of building, there are final adjustments and changes that have to be made.

We believe that we will have one of the best working systems possible, and that there will be many more built on these same plans by other Towns, that run into sewerage and pollution problems.

The Bowles Road section from Blodgett Brook to the road leading to the Jacque Colman summer home is already in the first stages of planning. The property owners in this section are anxious for the system to be installed. Most of the owners have been contacted and have signed releases.

We are anticipating this section will be built in the near future. Articles will be printed in the Town Warrant asking for the right to negotiate for Federal and State funds to help in the cost of installing if we find it advisable.

When the present system was drawn up, it was anticipated that the area would grow as time went on. The Beach section was included at that time to be part of the present system. The Inhoff Tank and the Syphon Tank, the filter beds, and the treatment area was made large enough to take care of any additional tie ins for years to come.

A section of four inch force main was installed at the time of construction. When the Beach section is put into operation, the abuttors will help to defray the cost of the treatment plant on a proportionate share basis.

This will be a gravity feed system to a pumping station, then pumped through the force main into the treatment plant. A site for a pumping station has been offered by one property owner.

As for the good that the system has done, we believe that it speaks for itself.

A building is under construction at the treatment plant to house the tools and equipment and can be used as a work shop and garage.

The Sewerage Department Office will also be in this building.

We would like to thank the Cottage Owners at Blodgett Landing for the fine cooperation they gave in getting this job done and hooked onto the system. The State Board of Health, Mr. William Healy and Mr. Thomas LaCarva, Mr. Salvatore Grasso of American-Nichols Engineers, and the local suppliers of materials used on the project.

We realize that there have been difficulties but we also believe it is a job well done.

TOWN OF NEWBURY

for the period March 4, 1959 to November 20, 1961

made by

THE DIVISION OF MUNICIPAL ACCOUNTING

STATE TAX COMMISSION

November 20 & 21, 1961

DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
Concord, New Hampshire

SUMMARY OF FINDINGS AND RECOMMENDATIONS

December 5, 1961

Board of Selectmen
Newbury, New Hampshire
Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts of the Blodgett's Landing Sewer Project of the Town of Newbury, which was made by this Division, acting under authority of Chapter 71, Section 27, of the Revised Statutes Annotated, which provides in part as follows:

> "Audit on Motion of Commission. The (Tax) Commission may cause an audit to be made of the accounts of any city, town, school district, village district, or precinct, as often as once in two years, or whenever conditions appear to it to warrant such audit."

This audit covered the period from March 4, 1959 to November 20, 1961. Exhibits as hereafter listed are included as part of the report.

FINANCIAL STATEMENTS

Balance Sheet - November 20, 1961: (Exhibit A)

A balance sheet, showing the assets and liabilities as of November 20, 1961, is presented in Exhibit A. As indicated therein, the Net Debt, representing the excess of total liabilities over total assets, on this date was $138,125.08.

The current financial condition, as determined by the excess of total assets over current liabilities, indicated a current surplus of $11,874.92, as shown herewith:

Total Assets	$ 20,144.31
Current Liabilities	8,269.39
Current Surplus	$ 11,874.92

Statement of Receipts and Expenditures: (Exhibit B)

A statement of receipts and expenditures for the period March 4, 1959, to November 20, 1961, is included in Exhibit B. Proof of the Treasurer's balance as of November 20, 1961, is shown in Exhibit C.

Statement of Bonded Debt: (Exhibit D)

A statement of the outstanding bonded indebtedness as of November 20, 1961, showing annual debt service requirements, is contained in Exhibit D.

GENERAL COMMENTS

Board of Sewer Commissioners Not Legally Established:

In order to clarify the existing situation pertaining to the legality of the establishment of a Board of Sewer Commissioners, the matter was discussed with the Tax Commission and an opinion relative thereto was rendered by Chairman Marvin of the Commission. The letter containing this opinion is quoted herewith:

"November 28, 1961

Mr. Harold G. Fowler
Director, Municipal Accounting Division
State Tax Commission
State House
Concord, New Hampshire

Dear Mr. Fowler:

This is in reply to your inquiry in relation to the Blodgett's Landing Sewer Project in the Town of Newbury.

You ask if the members of the so-called sewer commission in Newbury are properly in office. Our opinion is that they are not. Your audit report shows that on March 8, 1960 under Article 3, 'To hear Reports of Town Officers, Agents and Committees heretofore chosen and to pass any vote relating thereto,' Clarence B. Perry moved that a Sewerage Commission of three members be appointed, one for three years, one for two years and one for one year; said committee to be named by the moderator before the meeting adjourns. The motion was seconded and voted and three persons were appointed by the moderator.

RSA 39:2 provides in part that 'The subject matter of all business to be acted upon at the town meeting shall be distinctly stated in the warrant, and nothing done at any meeting, except the election of any town officer required be law to be made at such meeting, shall be voted unless the subject thereof is so stated.' Nothing is stated in the article under which the sewer commissioners were appointed about their appointment or election. The subject matter

of the vote was not distinctly stated in the warrant hence, in our opinion, the town has not taken the proper action 'to establish a board of sewer commissioners, consisting of three members, which board shall perform all the duties and possess all the powers in the town or district otherwise hereby conferred upon the selectmen.' RSA 259:19.

Since there seems to be no question but that the town properly adopted the provisions of RSA 252 at the annual meeting in 1958 'the selectmen shall perform all the duties and possess all the powers in the town or the district, as the case may be, conferred by this chapter upon the mayor and aldermen, and the rights of all parties interested shall be settled in the same way.' RSA 252:25.

The selectmen have the power and authority to levy betterment assessments (RSA 252:9) and to establish sewer rents (RSA 252:10) which are to be collected by the collector of taxes under a warrant under their hands and seal (RSA 252:13). While a town may establish a board of sewer commissioners who shall have all of the powers of the selectmen, in the instant case, in our opinion, the town failed to do so legally and the selectmen still have and possess all the powers conferred by the adoption of the statute.

It therefore follows that in our opinion the selectmen should sign and seal any warrant committed to the collector of taxes for the collection of sewer assessments or sewer rents.

If the selectmen in the exercise of their prudence and judgment are satisfied with the scale of rents or assessments hitherto adopted by the persons who have acted as **de facto** commissioners they may adopt them and use them in their warrant to be committed to the collected. A warrant signed and sealed by a majority of the board of selectmen is sufficient. RSA 41:8.

Yours faithfully,

/s/ Oliver W. Marvin

Chairman"

A copy of my letter to the Board of Selectmen in regard to this letter follows:

"November 30, 1961

Board of Selectmen of Newbury
Frederick S. Cook, Chairman
South Newbury, New Hampshire

Gentlemen:

Enclosed is a copy of a letter which I have received from Oliver W. Marvin, Chairman of the State Tax Commission, in which he has expressed his opinion relative to the matter of the Blodgett's Landing Sewer Project.

The letter, I believe, is self explanatory and clearly indicates that, in the opinion of Judge Marvin, the Town did not take the proper action to establish a board of sewer commissioners. Therefore, until such time as the Town Meeting may elect such a board, the Selectmen should perform all the duties and possess all the powers conferred by R.S.A. 252.

The Board of Selectmen, if satisfied with the scale of rents or assessments established by the persons who have acted as de facto commissioners, may adopt this scale. As a practical matter, if the sewer tax warrant which has already been committed to the Tax Collector is approved by the Board, it may be legalized by having the signatures of at least a majority of the Board of Selectmen and their seals affixed thereto.

A complete report of the recent audit of the accounts of the Blodgett's Landing Sewer Project, which was made by this Division, will be sent to you in the near future.

Yours very truly,

/s/ Harold G. Fowler
Director Division of Municipal Accounting"

Records:

Our examination of the financial accounts of the Sewer Project indicated that the records and supporting vouchers were adequate. It is recommended, however, that the Town Treasurer keep a seperate cash book for the Sewer Project account in which all receipts and expenditures should be entered.

Payment of Maturing Bonds and Interest Out of Proceeds of Bond Issue:

It is noted that during the years of 1960 and 1961, payments of maturing bonds and interest totaling $34,441.17, were made out of the proceeds of the Sewer Project bond issue.

Future Requirements:

In the next few years the debt service charges will amount to from $13,000.00 to $15,000.00 annually. Except for a nominal amount which the State will contribute annually, the entire cost will have to be borne by the ninety-three (93) property owners in the Blodgett's Landing area who are serviced by the sewer system. Added to the debt service will be the cost of maintenance of the system.

It is therefore our opinion that some of the cost may have to be assumed by the whole Town in order that the sewer taxes assessed against the property owners in the Blodgett's Landing area do not become confiscatory.

In this connection it is noted that the Sewer Project bonds "are valid general obligations of the Town of Newbury, and all taxable property in the Town will be subject to the levy of unlimited ad valorem taxes to pay both principal and interest."

Debt Service Requirements and State Reimbursement:

The following schedule shows the annual debt service requirements, the State reimbursement and the net town expense (exclusive of maintenance costs) until such time as the bonds are completely matured:

Year	Annual Principal and Interest	State Reimbursement	Net Town Expense (Exclusive of Maintenance)
1962	$ 15,100.00	$ 1,674.94	$ 13,425.06

Statement to Taxpayers:

Lack of information as to the basis of the sewer tax has apparently caused some confusion in the minds of the property owners in the Blodgett's Landing area when the bills for the first assessment of the sewer tax were recently sent out. It is therefore suggested that the Board of Selectmen prepare a statement containing the pertinent facts relative to the assessment and send it to all those whose names appear on the sewer tax warrant.

Conclusion:

The provisions of Chapter 184 of the Laws of 1955 require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Newbury for their assistance during the course of the audit.

Yours very truly,

Local Share	$ 5,500.00
State's Share	3,000.00
Total Salary	$ 8,500.00

SUPERINTENDENT'S REPORT

This year we have had one change in our teaching staff. Mrs. Grace Tucker of Sunapee has replaced Mrs. Harriett Gaffney, who moved to Vermont. Mrs. Gretel Cole is now completing her fourteenth year in the town of Newbury, which in these times, is a remarkable record. Miss

Blanche Bailey, our able music teacher, and Miss Ruth Whitcomb, our excellent school nurse, have also been with us many years· Mrs. Edith Eaton, who runs an excellent hot lunch program and Milford Newell, who keeps our building neat and clean, have been with us long enough to qualify as veterans.

The teacher situation throughout the state and nation is becoming more serious every year. Last year the average salary of beginning teachers who graduated from our Teacher's college was $3,995, and there were many unfilled positions throughout the state. My information is that the graduates of Keene are going to be asking for $4,200 for a starting salary. Most of the salary schedules in the state provide for a minimum salary of $4,000 with maximum of $5,400 and some go as high as $6,500 for a maximum and this is low compared to Massachusetts and points south and west.

The most necessary ingredient for a good school is good teachers. In this Newbury has been fortunate, because it is most difficult to get teachers to come into small towns and teach multiple grades, and salary is a factor in attracting good teachers and holding them.

Newbury is a good town in which to bring up children, and we have a group of fine children. I enjoy working with them and the people of Newbury.

STATE DEPARTMENT OF HEALTH

Concord

---

336 Central St.
Franklin, N. H.

To the Residents of Newbury,

During the year of 1961 I have made nursing visits to all age groups with the exception of school children. This includes the regular program of health supervision, nursing care, clinics, and referrals from the various Doctor's.

Immunization clinics were held for the towns of Andover, Danbury, Hill, Grafton, and Wilmot. Fluoride programs were held for the towns of Newbury, Salisbury, Sutton, and Wilmot. Of the 89 children who participated in these programs, 27 were from Newbury. In March and November two chest clinics were held in Franklin under the direction of Dr. Robert Kerr. X-rays were received by 165 persons.

At this time I wish to express my gratitude to the Child Health Committee for the fine cooperation and help that I have received.

Respectfully submitted,

NEL GETCHEL
